

Nature's Nectar

POTASH PLUS 0-0-15

GUARANTEED MINIMUM ANALYSIS

Soluble Potash (K₂O).....15%

DERIVED FROM:

Durian Shell

Nature's Nectar Potash Plus 0-0-15 provides a fast release source of fully soluble organic potassium to promote fruiting and flowering. Nature Nectar's solution contains no sediment and has been manufactured so all nutrients are instantly available to your plant.

HYDROPONIC, COCO, AND SOILLESS MEDIUM DIRECTIONS:

Vegetative Stage & General Purpose:

Use at a rate of 0.75 ml per litre (0.6 tsp per gallon) of water once per week or with every feeding.

Flowering Stage & Heavy Fruiting:

Use at a rate of 1.5 ml per litre (1.2 tsp per gallon) of water once per week or with every feeding.

FIELD APPLICATION:

Field Crops & Vegetables: Apply as a foliar spray at a rate of 2.5 – 5L per hectare (1 – 2L per acre) with enough water for coverage. Repeat 1 – 2 times per season.

Berries, Grapes, and Stone Fruit: Apply as a foliar spray once per week at a rate of 2.5 – 7.5L per hectare (1 – 3L per acre) with enough water for coverage once active growth begins.

Tree Crops & Hops: Apply as a foliar spray at a rate of 5 – 20L per hectare (2 – 8L per acre) with enough water for coverage. Repeat 1 – 2 times per season.

Turf & Golf Courses: Apply as a foliar spray at a rate of 10 – 25L with 500 – 1000L water per hectare (4 – 10L with 200 – 400L water per acre). For smaller areas, use at a rate of 125 – 500 ml per 40 – 80L of water per 100 m² (1000 sqft) to 7L/ha (2.8L per acre),
